

2024 8 NATIONAL TALENT COMPETITION RULES

Once the studio is paid in full, the dances will be transferred to scheduling. Directors, please check your entries carefully. Make sure you have the dancers entered in the correct level, age group, birthdate, category and dance. Once the entries go to scheduling, (30 days from the competition date), there will be a \$10.00 per entry change fee. Entries not paid by the 30 day cutoff risk being deleted from the event.

SOLOS

Soloists may enter up to 3 solos in 3 different categories with a distinct style difference. The soloist may place in the overalls with multiple solos.

If the same exact performers do multiple duets or trios, they must be entered in separate style categories. They are eligible to place in the overalls with multiple duets and trios.

GROUPS/LINES/PRODUCTIONS

For overall awards, groups are separated into small groups, large groups, lines, and productions. Dancers may only perform in one age division lower than actual age division for small groups, large groups, and lines, however productions may include dancers of all ages.

Routines have the option of paying for the time before incurring the point deduction. \$3 per dancer may be paid for an additional 30 seconds. Extended time is available for solos, duet/trios, and groups and must be entered/paid as extended time routines.

MUSIC

Upload MP3, MP4 and M4A music files after routines are entered. 8 does not accept music on CD's, iPads, cell phones, or computers. **All music must be uploaded 14 days prior to the start date of the competition.**

COMPETITIVE LEVELS

8 has 3 levels for the competitors. Levels are determined by technical level, level of difficulty in the choreography, and performance confidence. Please refer to 8 level details to see which level is the best fit for your dancers. 8 encourages dancers to challenge themselves but also to execute skills correctly before taking them to the performance stage. If judges feel that a dancer has been placed in the wrong level, the director will be given a choice to move the dancer to the correct level or take a 2 point penalty per judge. 8 feels very strongly that dancers should be judged in the correct level of performance.

“Count It”: This level is for novice performers with little dance experience but does not mean the dancer is a new recreation dancer. Technically they should execute beginning level skills such as chaine turns, pique turns,

chasses, jetes, releve, battements, single/double pirouettes, and know basic positions with feet and port-debras, etc. Choreographically, it is important they understand and connect with their music.

“Dance It”: This level is for intermediate dancers who have some dance experience. These dancers may have some competition experience but is not required. Technically the dancers have intermediate level skills such as double timing chaine turns, double pique turns, attitude turns, grande jetes, leaps in second, double/triple pirouettes, intermediate turn combos, leg extensions showing strength, etc. Choreographically these dancers have more detailed choreography and musicality as well as being able to relate with their music thru their body and face.

“Live It”: This level is for elite dancers with extensive dance experience. These dancers may have a lot of competition experience but is not required. Technically these dancers are executing advanced skills such as multiple pirouettes, advanced turn combos, off center turns, advanced leaps, and other turns and leaps that are stepping out of the regular technical comfort bubble. Choreographically their body is matching their music with challenging and intricate movements while being emotionally connected.

NUMBER OF ENTRIES

Entries are accepted on a first come, first served basis. Dances are limited to the amount of performance time available. 8 National Talent Competition reserves the right to add additional competition days, subtract competition days, move the competition location, and refuse entries at their discretion.

Other Guidelines

Soloists must compete all solos in the same level.

Duet, Trios, and Groups cannot have “Live It” performers in the “Count It” division. If 50% of the dancers are in a higher level than the other 50%, the dance must be bumped up to the higher level.

The youngest performers in a routine must be on stage at least 25% of the time, otherwise the routine will be re-averaged.

Props must be in place within 2 minutes. Routine time will start after the 2 minute mark. If your team has a prop that takes extra time to build, you must pay for extended time. Due to some venues, it is at the discretion of the competition director to lengthen prop set up time. Points can be deducted for extreme set up time.

All props must be approved with backstage coordinator before moving them to the backstage area. They must be moved out of the backstage area immediately following the dance unless other directions or approval has been given by the backstage coordinator.

No props that could cause harm may be used on stage such as fire, swords, knives, live animals, etc.

Dancers may not sit, stand, or dance on a prop higher than 6 feet. Disqualification may occur for violation.

If you are in question on your prop being acceptable, please contact the 8 office.

No liquids, gels, aerosols, glitter, confetti, paint, chalk, fake snow, or anything else that could be damaging to the dance floor or stage curtains may be used. No drones, kites, helium balloons (unless on a weight), or any other air borne prop may be used. 8 wants the choreographers to be able to develop their vision, so please call the office with any questions on how to make this possible and still follow the guidelines. Violation may result in disqualification or adjudicated score only.

If a prop, dancer, or studio representative damages the dance floor, backdrop, curtains, lights, or any other equipment owned by the venue or 8 National Talent, that person/s is responsible for damages.

If a dancer or studio representative damages another studio’s prop, they are responsible for damages.

All performers grant permission to 8 National Talent Competition to use their photographs and videos on social media or to appear on local and/or national television to promote its competitions.

All entries must dance on the day and time assigned. Failure to do so may result in being eligible for adjudication only or not being able to compete at all depending on the time allowance during the other segments of the competition. If approved ahead of time and still performed before the overall awards, the competition director will determine if the dance/dances are eligible for the overalls.

If a performer does not complete the dance the first time and wants to re- perform, the dance will not be eligible for the overall awards. An adjudication score will be given.

Sportsmanlike behavior is expected at all times. 8 encourages a fun positive atmosphere with the 8 staff, teachers, dancers, and parents. Any questionable behavior will result in instant disqualification, with no refunds or credits to be issued.

**All INDEPENDENT ENTRIES MUST BE PAID IN FULL ON THE DATE OF ENTRY.
If the entry fee is not received within 24 hours of the entry, the entry will be deleted.**

No refunds or credits will be issued for ANY reason within 30 DAYS of the competition.

Any changes made to an entry after scheduling will incur a \$10.00 change fee.

8 is not responsible for lost or stolen items.

8 permits you to take videos and pictures of **YOUR STUDIO ONLY**. **NO** Flash photography or tripods.

Please remain seated and respect others during performance. Do not enter the audience during a dance.

Professional pictures and videos are taken at the event. 8 National Talent does **NOT** charge for these pics/videos. Download the Dakiki app for free and use the dancer's birthdate to access pics/videos.

At 8 National Talent we support each and every dancer on the stage. To be able to support each dancer, the audience must be seated for the entire performance. It is greatly appreciated when you show your support of the dancers by clapping when they are introduced and when they complete their dance. They have worked hard and deserve everyone's support and respect. Thank you for your support.

8 will continue to honor their full refund policy if an event must be cancelled.
